

§ 37.1307 Delegation of authority.

(a) The Commission hereby delegates, until it orders otherwise, to the Director of the Division of Market Oversight or such other employee or employees as the Director may designate from time to time, authority to:

(1) Determine whether a particular financial resource under § 37.1302 may be used to satisfy the requirements of § 37.1301;

(2) Review and make changes to the methodology used to compute projected operating costs under § 37.1303;

(3) Request reports, in addition to fiscal quarter reports, under § 37.1306(a); and

(4) Grant an extension of time to file fiscal quarter reports under § 37.1306(d).

(b) The Director may submit to the Commission for its consideration any matter that has been delegated in this section. Nothing in this section prohibits the Commission, at its election, from exercising the authority delegated in this section.

Subpart O—System Safeguards**§ 37.1400 Core Principle 14—System safeguards.**

The swap execution facility shall:

(a) Establish and maintain a program of risk analysis and oversight to identify and minimize sources of operational risk, through the development of appropriate controls and procedures, and automated systems, that:

(1) Are reliable and secure; and

(2) Have adequate scalable capacity;

(b) Establish and maintain emergency procedures, backup facilities, and a plan for disaster recovery that allow for:

(1) The timely recovery and resumption of operations; and

(2) The fulfillment of the responsibilities and obligations of the swap execution facility; and

(c) Periodically conduct tests to verify that the backup resources of the swap execution facility are sufficient to ensure continued:

(1) Order processing and trade matching;

(2) Price reporting;

(3) Market surveillance; and

(4) Maintenance of a comprehensive and accurate audit trail.

§ 37.1401 Requirements.

(a) A swap execution facility's program of risk analysis and oversight with respect to its operations and automated systems shall address each of the following categories of risk analysis and oversight:

(1) Information security;

(2) Business continuity-disaster recovery planning and resources;

(3) Capacity and performance planning;

(4) Systems operations;

(5) Systems development and quality assurance; and

(6) Physical security and environmental controls.

(b) A swap execution facility shall maintain a business continuity-disaster recovery plan and resources, emergency procedures, and backup facilities sufficient to enable timely recovery and resumption of its operations and resumption of its ongoing fulfillment of its responsibilities and obligations as a swap execution facility following any disruption of its operations. Such responsibilities and obligations include, without limitation, order processing and trade matching; transmission of matched orders to a designated clearing organization for clearing, where appropriate; price reporting; market surveillance; and maintenance of a comprehensive audit trail. The swap execution facility's business continuity-disaster recovery plan and resources generally should enable resumption of trading and clearing of swaps executed on the swap execution facility during the next business day following the disruption. Swap execution facilities determined by the Commission to be critical financial markets pursuant to Appendix E to part 40 of this chapter are subject to more stringent requirements in this regard, set forth in § 40.9 of this chapter.

(c) A swap execution facility that is not determined by the Commission to be a critical financial market satisfies the requirement to be able to resume its operations and resume its ongoing fulfillment of its responsibilities and obligations during the next business day following any disruption of its operations by maintaining either:

(1) Infrastructure and personnel resources of its own that are sufficient to
